DESIGN EXPERIENCE

JAN 2022 - MAY 2022

DAVID OWSLEY MUSEUM OF ART

Design and Curation Intern

The David Owsley Museum of Art is an art museum on the campus of Ball State University. I am interning at the museum working in graphic design and curation. I will be working on redesigning object labels to improve UI/UX, creating new signage throughout the museum, and redesigning the layout of artwork cases.

SEPT 2018 - MAY 2022

DIGITAL CORPS

Design Apprentice

The Digital Corps is an on-campus organization that employs students from a wide variety of disciplines including User Experience, Video, Development, and more. The Digital Corps works on both campus projects and external projects with real-world clients. I work on the design team as an apprentice creating deliverables including websites, apps, motion graphics, logos, etc. with a focus on UI/UX design.

JUNE 2021 - AUG 2021

INTERSECTION

Graphic Design Intern

Intersection is the most awarded full-service marketing and branding agency in East Central Indiana. I spent the summer of 2021 in their award-winning internship program planning and executing a social media campaign, working and collaborating directly with clients, and photographing special events.

JAN 2020 - MAY 2021

STUDIO 165+

Designer and Project Manager

Studio 165+ is a student-led design studio that works with real-world clients both locally and internationally. As a project manager and designer I helped create final presentations, communicated directly with our clients, attended client meetings, participated in the research and creation of our designs, and more.
